### **About FibreSpan**

FibreSpan is a network carrier specialising in dark fibre and ultra-high bandwidth services.

Established in 2001, FibreSpan designs, installs, operates and leases private dark fibre circuits, working with public sector, corporate and financial services organisations throughout the UK.

FibreSpan builds high bandwidth low latency private fibre networks that put you in control, providing flexibility in managing IT across multiple sites or offices.

FibreSpan offers an end-to-end service that includes consultation, network planning, rapid deployment and comprehensive support. Its bespoke fibre networks offer

scalable bandwidth at a fixed cost for the term of the contract – a genuinely future-proof solution.

FibreSpan is an ISO 9001 accredited national telecommunications company (with code powers) licensed by the DTI and regulated by Ofcom.
